

Magic Carpet™

BROCHURE

Bring surfaces to life and create an inclusive play environment for people of all abilities.

T: +44 (0) 1892 771-381
E: info@sensoryguru.com

Everyone Plays

Magic Carpet removes many of the barriers people face when interacting in mixed ability groups by offering a universally accessible interaction platform.

Magic Carpet enables everyone to participate on equal terms and helps to create an inclusive play environment.

Immediate Feedback

The slightest of movements over the projected image will cause an audio-visual response. User interaction creates immediate feedback; teach cause and effect and harness attention.

Multi-User Interaction

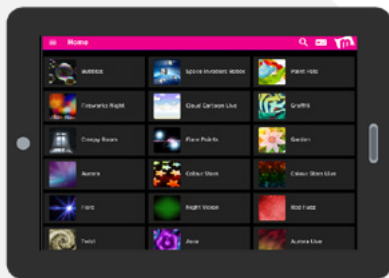

Magic Carpet allows multiple users to interact at the same time using movement, eye gaze or touch, opening a world of collaborative exploration and play.

” Magic Carpet brings joy to so many life-limited children in hospices across the country
Simone Enefer-Doy - Lifelites CEO

Movement based interaction

Responsive Surfaces

Magic Carpet offers a wide variety of stimulating content for multi-sensory exploration, play, learning, therapy, and relaxation. The system can be conveniently controlled using an iPad or Android device.

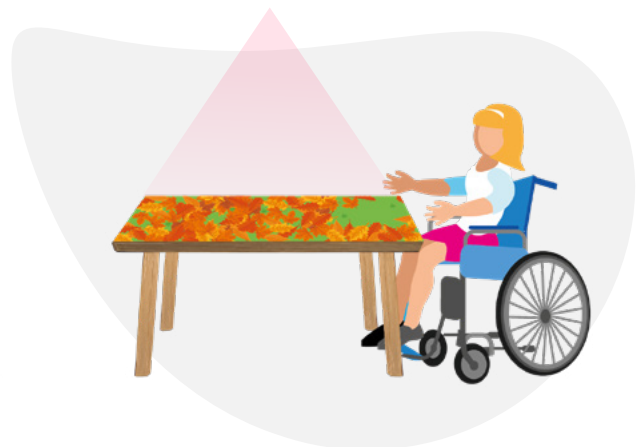

Inclusive

With over 500+ activities Magic Carpet content caters for infants to elderly and everyone in between! Content suitable for learning, stimulation, reminiscence, and play!

Accessible

Project on to tables, floors, wheelchair trays, beds, tents, fabric and more. Take the magic to the user and enjoy accessible multi-user interaction. (Supports Tobii Eye Tracking)

Use Anywhere

Magic Carpet is used in thousands of locations worldwide and is at home in schools, hospices, hospitals, adult care settings, play centres, libraries, therapy centres, football stadiums and more.

Learn through play

Magic Carpet brings learning to life and helps to support the delivery of enriching and engaging curriculum. The system caters for a wide range of learners with activities designed for early stimulation, exploration, and engagement. Use Magic Carpet to stimulate the senses, teach cause and effect, support role-play and spark pupils' curiosity through engaging movement-based learning.

Explore Movement

Magic Carpet is designed to get people moving and exploring their environment in a safe way.

Participants can use any part of the body to interact with the content, helping to enhance their sense of movement while shifting position, orientation and reaching out to interact with the content.

Communication

Magic Carpet opens a world of interactive game play allowing people that use mixed access technologies to play and communicate together in fun activities. Bring people together and promote turn-taking, collaboration and choice making.

Multi-sensory

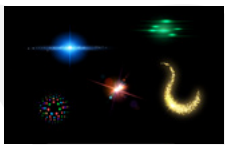

Interact with variable stimuli, visuals and sounds that respond when you move. The system also responds to objects, so you can use tactile objects to enhance the interactive experience.

Make your own activities

The Magic Carpet activity creator makes it easy to create interactive scenes in minutes. Add video, images, sounds and interactive objects to create tailored experiences.

Visual Scenes

Create motivating and engaging visual scenes with interactive objects.

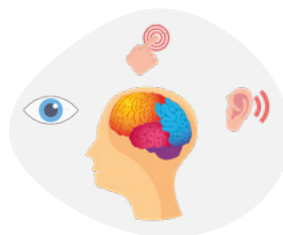

Effects Templates

35 different effects to create your own content including: fishpond, splat, wipe, scatter, catch, memory, quiz, football, sound pad and many more...

Personalisation

Input your own images, artwork, music, and photos to create highly personalised activities.

Design for needs

Adjust interaction parameters to the sensory, physical, and cognitive needs of your users.

Unleash your creativity

Magic Carpet activity creator is supplied with a huge media library of over 5,000 audio-visual resources that can be used to create your own stunning visual scenes and customised experiences for pupils. The only limit is your imagination.

Software Features

Easy to control

Magic Carpet has been designed with simplicity in mind; making it easy for people to work with in any setting. The software is intuitive and packed full of useful features that make using the system an enjoyable experience for users and operators.

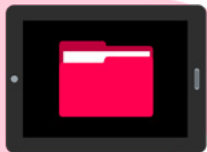

Favourites

Star your favourite apps to save them onto the home screen, so you can access them quickly.

Playlists & Schedules

Create playlists and schedule them; Magic Carpet will run and launch apps without the need of an operator.

Collections

Group apps into your own custom collections for lessons, groups, themes, individuals, or therapy sessions.

Categories

Magic Carpet apps are grouped into categories to make it easy to find activities for specific user requirements.

App Control

Control Magic Carpet remotely from your iOS and Android device using the Magic Carpet Control App.

Easily play and edit activities conveniently from your device, setup playlists, create schedules and collections. The controller app displays a visual icon for every Magic Carpet activity and can be used by people of all abilities to play their own preferred activities.

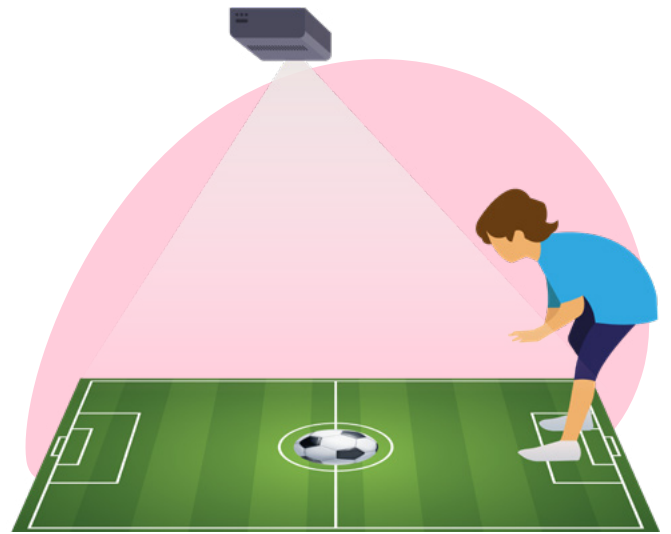

System Options

Fixed or on the move?

Mobile

Mobile Magic Carpet is a plug and play system offering variable image size up to a huge 3.6M. Easy to store when not in use, Mobile Magic Carpet is a popular choice for Magic on the move!

Fixed

Fixed installations can be achieved in most locations where ambient light level can be controlled: Classrooms, Sensory Rooms, Hospital Wards and more. Call to discuss your requirements

01 Training

Our knowledgeable trainers will show you how to work with Magic Carpet. They will walk you through the basics and teach you how you to create your own engaging Magic Carpet activities adapted to your users' needs, as well as sharing many useful tips on how to get the most out of your Magic Carpet.

02 Support

Our comprehensive multi-tiered support plans are designed to provide cover options to suit the operational needs of all customers. A Sensory Guru Standard Service Package is included on all Magic Carpet systems for the first 12 months. Plan upgrades are available from day one so you can be sure you have the level of cover you require.

” Magic Carpet opens the door to a world of creative exploration and fun!

Karen Bratchell – St Joseph’s Pastoral

Need a Magic Carpet demo?
